MEMORANDUM FOR: General Counsel  
Director of Medical Services  
Director of Personnel  
Director of Security

SUBJECT : Ervin Bill

1. Against the possibility that the Ervin Bill, in some form, may become law this year, I believe we must be prepared to implement it in the Agency. This will be a very difficult task requiring imagination, skill and finesse on the part of each Agency official concerned.

2. I would appreciate it if you and your people would study the Bill, as passed and as we had proposed it, from the point of view of your responsibilities and begin to develop your procedures, regulatory changes, etc. I would propose that we meet on 8 June at 10 a.m. in my office for an initial discussion of Agency implementation of the legislation.

SIGNED R. L. Bannerman

R. L. Bannerman  
Deputy Director  
for Support
